SUMMARY

Ambitious and adaptable graduate with a Bachelor's degree in computer science. Possessing strong skills and a passion for software developer, I am eager to kickstart my career and contribute positively to a forward-thinking organization. With a fervor for innovation and a commitment to making a mark in the tech landscape, I'm on a mission to channel my evolving skill set into impactful projects and research. Join me on this journey as we contribute to the ever-expanding world of technology.

TECHNICAL SKILLS

Languages: Python, C/C++, HTML/CSS, JavaScript, SQL, MongoDB

Developer Tools: VS Code, Online GDP compiler, Github

Frameworks and Libraries: Bootstrap, TailwindCSS, ReactJS, NodeJS, ExpressJS

Platforms: Linux, Windows

PROFESSIONAL EXPERIENCE

CodEvo Solutions

August 2024 - Present

Web Development Intern

Accomplishments:

- Optimized a legacy website by refactoring code and implementing lazy loading, reducing page load time, which improved user engagement and SEO rankings.
- Successfully integrated third-party APIs into the company's web applications, allowing for real-time data fetching and providing users with up-to-date information.

Orinson Technologies Private Limited

Full Stack Development Intern

August 2024 - Present

Accomplishments:

- Successfully completed full-stack projects from conception to deployment.
- Developed responsive and user-friendly web interfaces using HTML, CSS, and JavaScript.
- Optimized web pages for performance and SEO.

Bharat Intern

August 2024 - Present

Web Development Intern

Accomplishments:

- Implemented database management systems (e.g., MySQL, MongoDB) to store and retrieve data..
- Utilized back-end frameworks (e.g., Express, Django, Flask) for efficient development..

Excellence Technologies - Mohali

Full Stack Web Development Trainee

June 2024 - August 2024

Accomplishments:

- Worked closely with the UX/UI team to redesign key components of the website, improving user navigation and increasing average session duration.
- Developed and implemented automated testing scripts using Selenium, reducing manual testing time and ensuring higher code quality.

Internshala

June 2024 - August 2024

Internshala Student Partner

Accomplishments:

- Successfully increased brand awareness on campus by organizing and promoting events that attracted over 500 students, leading to a 25% growth in social media followers for the brand.
- Developed and executed innovative marketing strategies, such as a campus scavenger hunt.

Skyconn Technologies - Bathinda

June 2023 - July 2023

Python Developer Trainee

Accomplishments:

- Strong understanding of Python syntax, data structures, and control flow.
- Developed personal projects using Python to showcase skills and explore interests.
- Efficient time management skills to prioritize tasks and meet deadlines.

EDUCATION

Giani Zail Singh College Campus Of Engineering And Technology

Bachelor of Technology - Computer Science and Engineering - Bathinda
CGPA-7

August 2021 - Present

I gained a lot of skills here including web development, Python programming and c/c++

Government Boys High School - Abohar

intermediate with Science
Score-80.1

May 2019- May 2020

LANGUAGE KNOWN

- English
- Hindi
- Punjabi

PROJECTS

1.Spotify Clone

Web Developer | [Live Demo](#) | [GitHub](#)

Technologies: HTML, CSS, JavaScript, Node.js, Express, MongoDB

- Developed a fully responsive music streaming application that mimics the core features of Spotify.
- Integrated the Spotify API to fetch real-time music data, improving user engagement.

2. Loan Prediction Application

Machine Learning | [GitHub](#)

Tools & Technologies: Python, Jupyter Notebook, Pandas, NumPy, Scikit-Learn, Matplotlib, Seaborn

Outcome:

The final model successfully predicted loan approval with 91% accuracy, providing insights that could potentially reduce the risk of default for financial institutions.

3. Bloodbank Management System

Python Programming | [GitHub](#)

Tools & Technologies: Python, Django, Pytz, SQLparse

Outcome:

Basic bloodbank management system using python programming This is a web-based application project developed using Python and Django Framework. This project provides an online platform for Blood Bank organizations to manage their records. The application allows the said organization to manage the donations and blood requests

4. Personalize Portfolio Website

Web Developer | [Website](#)

Tools & Technologies: HTML, CSS, JavaScript

- Designed and developed a fully responsive portfolio website using HTML, CSS, and JavaScript, effectively showcasing my web development projects and skills to potential employers and clients

5. Money Tracker Web App

Web Developer | [Website](#)

Tools & Technologies: HTML, CSS, JavaScript, Nodejs, MongoDB, Expressjs

- The Money Tracker Web App is a user-friendly platform designed to help individuals track and manage their daily, weekly, and monthly expenses.

EXTRA CURRICULAR ACTIVITIES

- Participated in various IT fest in colleges and off the colleges .
- Got 2nd rank during nifty-fifty intercollege competition
- Member of sitting committee during the annual function
- Member of college Student Literacy Club

SOFT SKILLS

- Communication
- Leadership
- Work Ethic
- Time Management
- Teamwork
